Dear Parents

Date: 7/4/2022

Greetings of the Day!

We feel immense pleasure in the smooth start of the session with all students physically attending classes. This is truly with your cooperation.

However, for the ease of the smooth flow of traffic, we have come up with the following traffic guidelines for the parents:

- As far as possible, please drop your ward to school on a two wheeler.
- Please park your Two wheeler in the allotted parking space within the campus – **Not by the road side**
- There is a "No parking Zone" for up to 50 meters at both the gates of the school. Please follow by this.
- Please pick your ward from the designated pickup point and immediately move out. Unnecessary crowding creates hassles for the waiting children and handling teachers.
- Please do not indulge in any discussions within the school premises.
- Please be in agreement with the security staff of the school. They are there to help you.

Although all these points have been reiterated multiple times but there are still some parents who do not understand the gravity of the situation and refuse to abide by, causing inconvenience to the school administration, students, fellow parents and the general public. These deviations will be strictly dealt with. In case of any action taken by the city traffic police on those who do not follow and park their vehicles outside the campus, the school shall not be held responsible.

With proper planning and execution, traffic regulation is a manageable issue. So, we solicit your total cooperation in this regard. This is to ensure smooth and safe dispersal of our children.

Regards

Principal
